## Education

Malaviya National Institute of Technology

Btech - 7.7

Aug. 2020 – July 2024

Jaipur, Rajasthan

## Experience

Sthambh

Nov 2024 – Feb 2025

Software Developer Intern

Remote

- Developed and maintained scalable web applications including the SolidSales Dashboard using **NodeJs**, **ExpressJs** enabling efficient management of over **1,000 users**
- Integrated and optimized **40+ RESTful APIs**, using SWR hook and reducing response times by 20%.
- Collaborated in a fast-paced remote team to deliver **production-ready** features within tight deadlines.
- Implemented Caching Strategies that reduce MongoDB load by **20%** **enhance response time**.

## Projects

**MYSTRY-MESSAGE** | *Reactjs/NextJs, TypeScript, MongoDB, Resend* — [GitHub](#)

Jan 2024

- Developed a scalable anonymous feedback web application, Improving operational efficiency by **20%** through seamless front-end and back-end integration.
- Implemented secure user authentication with **NextAuth** and **Resend** for robust email verification.
- Integrated **Mystral AI Modal** to generate **AI-powered message suggestions**.
- Optimized API performance with Next.js routes, cutting response time by 40% and improving MongoDB query speed by 25%.

**FEEDBACK-COLLECTION** | *ReactJs, MongoDB, TypeScript, Nodejs, Express* [Live](#) — [GitHub](#)

Nov 2024

- Developed a full-stack Response collection platform with dynamic form creation and public submission links.
- Implemented **JWT-based** admin auth and public user access without login.
- Built admin dashboard to view raw responses and basic analytics.

**PRODUCT-STORE** | *Reactjs, PostgreSQL, NeonDB, Express* — [GitHub](#)

Oct 2024

- Developed a full-stack product store application enabling users to browse, search, and manage products with secure authentication, CRUD functionality, and responsive UI.
- Deployed on Render with **CI/CD** via GitHub. Used Postman for API testing and NeonDB.
- Integrated Arcjet for **API rate limiting**, enhancing security and protecting backend endpoints against abuse and bot attacks.

## Technical Skills

**Languages** - C++, Javascript, Python

**Developer Tools** - Git, Github, Firebase

**Technologies/Frameworks** - ReactJs, ExpressJs, NodeJs.

**Databases** - MongoDB, PostgreSQL

**Other Skills** - OOPS, Data Structure and Algorithm(DSA), Computer Networking, Operating System

## Achievements

- Ranked **421 out of 30,000+** participants in **Leetcode Weekly Contest**.
- Joint Entrance Examination 2020 (Mains) achieved a **percentile of 97.6**.
- All India Rank **81 in CodingNinjas CodeKaze 2023**.
- Solved over **700+ questions** combined on GFG and Leetcode coding platform.
- 100+ days streak on both Geeksforgeeks and LeetCode.
