SKILLS

C++ | JavaScript | Python | FastAPI | Docker | GCP | SQL | NodeJs | MongoDB | Redis | System Design
Design patterns | Data Structures and Algorithms | CI/CD | LangChain.js | Kubernetes

EDUCATION

Malaviya National Institute of Technology(NIT JAIPUR)

B.Tech , CGPA: 7.8

June 2020 - May 2024

EXPERIENCE

NetzenAI

Software Developer

Sep 2025 – Present

- Architected and deployed a **Zendesk integration** with **initial and delta (incremental) sync mechanisms**, enabling near real-time knowledge updates and reducing data inconsistency by **~40%**.
- Designed and implemented **Retrieval-Augmented Generation (RAG) pipelines** using **embedding models**, intelligent **document chunking**, and vector search over **PDFs and articles**, improving AI answer relevance and response accuracy by **~30%**.
- Engineered integrations for **Netzen Bot** with **Slack and Microsoft Teams**, enabling **automated issue detection, triage, and resolution** directly within collaboration tools, reducing manual support effort by **~35%**.
- Implemented **multimodal AI capabilities** by enabling **image parsing and understanding** for Slack and Teams bots, leveraging the **Gemini-2.5-Flash-Image** model to deliver accurate AI-driven responses from screenshots and visual inputs.

Sthambh

Software Developer

Nov 2024 – Apr 2025

- Developed and maintained scalable frontend features for the SolidSales Dashboard using React.js and SWR, enabling efficient management of 1,000+ users.
- Integrated and optimized **40+ RESTful APIs**, using SWR hook and reducing response times.
- Optimized rendering performance with SWR hooks, reducing frontend data-fetching delays **by 20%**.

PROJECTS

Chat-With-Pdf | NextJs, ExpressJs, Clerk, Docker, VectorDB(qdrant), BullMq, LangChain.js

- Developed a ChatWithPdf application enabling users to upload and interact with PDF documents using React.js, Node.js, and Mystral Ai.
- Implemented secure file handling, text extraction, and natural language querying.

Feedback-Collection | ReactJs, MongoDB, TypeScript, Nodejs, Express

- Developed a full-stack Response collection platform with dynamic form creation and public submission links.
- Implemented JWT-based admin auth and public user access without login.
- Built admin dashboard to view raw responses and basic analytics.

ACHIEVEMENTS

- 100+ days streak on both Geeksforgeeks and LeetCode.
- Achieved all India Rank 81 in CodingNinjas CodeKaze 2023.
- Joint Entrance Examination 2020 (Mains) achieved a percentile of 97.6.
- Solved over 700+ questions combine on GFG and Leetcode coding platform.
